#### 360° Capturing of Any Detail

Designed to make your remote meeting smarter, Kandao 360° conference camera is all what you need for any video conferences. 360 degree camera captures the entire room in 8K resolution without stitching. Rather than crowding around a tiny web camera, all participants can comfortably sit in a meeting room and engage in the video conference.

#### Omni-directional Audio System

Kandao 360° conference room camera delivers crystal clear audio with 8 integrated omni-directional mics. They pick up sounds in every direction, even for away than 13 feet. The two full-duplex speakerphones also minimize noise and echo, allowing vou to easily see everyone's gestures and clearly hear what they say with the integrated audio system.

SensorPod Air Quality Monitor Remote sensing has been proven to provide more accurate readings of the air quality in a room. SensorPod takes air quality readings and communicates those readings back to the puri-

Auto Mode with Air Quality Indicator SensorPod air quality readings are displayed and Tru-

Sens adapts accordingly. A color-coded illuminated ring provides additional information by visually communicating good, moderate, or poor air quality.

#### Simple Touch Controls

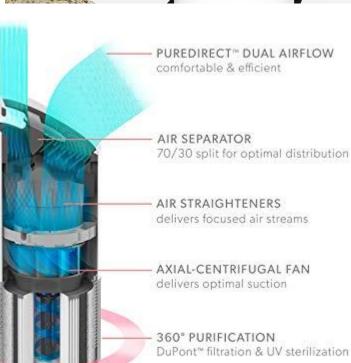

No clunky knobs or buttons to push. Adjust settings with a simple touch. Capacitive Touch Control display is not only easy to use, it's easy to keep clean as well.

TrúSens

#### PureDirect Technology

tional air flow better distributes clean air throughout an entire room.

#### Mingalabar Festival (Projection Mapping)

Case Studies

#### Why Choose Panasonic?

- Good track record for projection mapping usage
- High brightness and high picture quality.
- Light weight (ease of installation)
- Panasonic on site engineering support

#### Equipment installed

PT-DZ21K × 4 units (1 unit as back up)

#### Event Information

- One of main highlights for Mingalabar Festival held from 2<sup>nd</sup>-4<sup>th</sup> Dec 2016
- First ever projection mapping event in Myanmar
